A protracted meeting will begin at the M. E. Church, South, the first Sunday in September. The pastor, Rev. T. C. McKelvey, has arranged for ample ministerial help during its progress. All Christians of the town and community are cordially invited and urged to cooperate in this series of meetings.

Each year shows how the Woman's Department of the Tennessee State Fair is studying the needs of women in their practical, every-day life, and how the programs that are being arranged with such care for the Woman's Building in all departments have as their basic principle "How to help women help themselves."

We are informed by officials of the Camden Cemetery Association that work on the cemetery will begin the first Monday in September. Those who expect to donate to this fund should do so at once, in order that the ladies may form an idea of what they can depend upon. They will have a meeting in the court yard next Monday afternoon.

W. K. Hicks of Big Sandy died Tuesday morning, after a lingering illness. Mr. Hicks was a brother of Rev. Irl R. Hicks of St. Louis, who became famous as a weather prognosticator through his almanac. In the death of Mr. Hicks Benton County loses one of her honored citizens and Big Sandy one of her oldest residents. The remains were given burial at Sugar Creek Cemetery Wednesday with the honors of Masonry.

All are cordially invited to attend the meetings of the Tennessee River Conference that are being held in this city until Sunday night, August 25. The Nashville Concert Band will furnish music for several of the meetings and will render some choice selections. The following are members of the band: H. Harrison, A. J. Staggs, L. W. Simkin, J. B. PLATE WORK A SPECIALTY

Woman's Building.

We give space to the following circular letter sent out from the Woman's Building, Tennessee State Fair, Nashville, this week:

Dear Mr. Editor—Mrs. Delia Whitfield of Camden, Benton County, chairman for the Woman's Department of the Tennessee State Fair, has done most effective work in organizing the women of her county in securing an assisting committee, and they are promising an excellent list of exhibits for the Woman's Building in September; all of which the Woman's Board acknowledges with appreciation.

We are urging chairmen and committees to reawaken the interests and keep before the exhibitors the fact that all entry blanks must be in the hands of the Fair Association not later than Monday, September 4, when claim checks will be mailed to the exhibitors. All exhibits must be in the hands of the Fair Association not later than September 11.

The united work of the county chairmen throughout the State has been most encouraging to the State Fair officials and the outlook for the Woman's Department of 1912 promises the most remarkable collection of exhibits ever assembled and the educational features have been developed upon lines that are employed in colleges and universities.

Hoping you can use this letter through the columns of your paper as an appreciation to the women of your county, and thanking you for such a cooperative courtesy, we remain,

Very cordially yours,
Miss GERTRUDE HILL,
Secretary Woman's Board of the Tennessee State Fair.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
